

*If this is the answer,
what could the question have
been?*

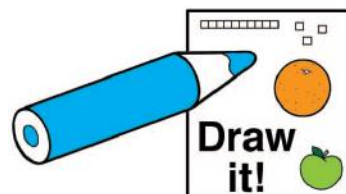

*Can you explain what is wrong here and
correct the error?*

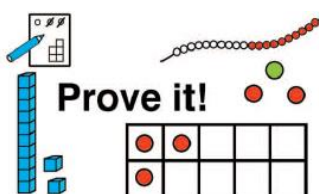

Explain

Explain to your partner how you know.
Remember to use the star words!

Draw a picture to explain or
demonstrate
what you have worked out.

Prove it!

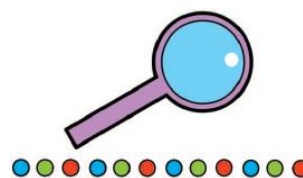

Convince me that
you are right.

*What goes in the empty
box(es) in this equation?*

*What came before?
What comes next?*
Explain how you know.

*Can you see a pattern (in the numbers)?
Can you see a pattern in the answers?
Continuing this pattern, what would happen
if...?*

Make up a real-life story using
your equation/numbers or shapes.
Try to use the star words.

Odd one out

Find an odd one out and explain why it doesn't fit.
*Does your partner agree with you?
Could another one be the odd one out? Why?*
