

WC: 05/10/20 **OUR WEEK IN NURSERY!**

-Together we learn and grow -

We will continue to settle the children into the Nursery environment and embed the daily routines that take place during a Nursery session.

A Nurturing Environment

We will continue to share the Golden Rules with the children, encouraging them to take turns and share resources fairly.

Communication and Language

The children are really enjoying listening to stories and learning nursery rhymes. This week we will be focusing on the following nursery rhymes:

- Pat a cake
- Row, row, row your boat
- I'm a little teapot

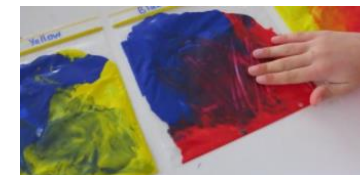

The children will continue to listen to stories and be encouraged to talk about each story they have heard. Our focus stories in Nursery this week are:

- Brown Bear, Brown Bear
- The Colour Monster
- Elmer
- Rosie's Walk

Physical Development

We will be encouraging scissor skills this week, snipping at paper and practising cutting activities to strengthen our control. We will be exploring colours by paint mixing with our fingers moving paint around in zip lock bags and talking about what we can see.

Personal, Social and Emotional Development

We will continue to support the children in working together. We will locate resources in our classroom and find out where to go to self-select specific resources.

Have a lovely weekend!

The Nursery team ☺
