

## Maple Infants' School

### PE and Sport Grant

The government has provided additional funding to each school for academic years 2013 to 2014, 2014 to 2015 and 2015 to 2016 to improve provision of physical education (PE) and sport in primary schools. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools; however schools have the freedom to choose how they do this.

The school has received the following PE funding:

- £8750 for 2013/14
- £8895 for 2014/15
- £8810 for 2015/16

*At Maple Infants' School we recognise the contribution of PE to the health and wellbeing of the children. In addition, it is considered that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children.*

We aimed to improve the quality and breadth of PE and sport provision by:

- continuing to extend our PE provision and offering a range of PE opportunities for all pupils
- being able to continue to deliver inclusive high quality PE sessions
- increasing opportunities for pupils to take part in competitive sporting events
- increasing staff confidence and subject knowledge
- updating resources and equipment

The use of the PE and school sport funding at Maple Infants' School has been very effective in improving and sustaining high quality PE and sports provision.

The impact of this has been as follows:

Activity	Impact
Teddy Tennis £2,000 Years Reception and Nursery	Following the successful implementation of Teddy Tennis in the Nursery last year it was decided to offer the Reception children ten weeks of lessons to develop their skills. In addition to this we were able to offer an after school club for Reception children in the Summer Term. <i>This has developed pupils' interest and enjoyment for tennis in the Early Years. It has also been essential in supporting their development of key physical skills such as coordination and agility. This has prepared them for PE at KS1 and has contributed to the children's overall physical literacy during their time here at Maple.</i>
Kingston Schools Sports Partnership (KSSP) Membership £450	PE Co-ordinator Continued Professional Development (CPD) and termly network meetings with other Kingston schools. <i>This has enabled the PE co-ordinator to keep up to date with the latest developments in Physical Education and the providers of staff/pupil training and workshops. This has increased staff subject</i>

	<i>knowledge and confidence. It has also provided staff with a competition calendar/overview and made them aware of events that children could participate in to boost confidence and contribute towards a growth-mind-set in terms of PE participation.</i>
<b>Football Coaching £250</b>	<i>Laura Spooner (Football Coach) supported Year 2 pupils and provided football skills and games to year 2 children. This increased pupil interest and engagement of sporting activity.</i>
<b>Country Dancing Festival £380</b>	<i>Following successful participation in previous years, entry/training cost to participate in the Country Dancing Festival was paid for again this year. This increased pupil interest and engagement in dance and the traditions of this particular genre of dance. All pupils received lessons that were shared with staff via the festival's specific CPD event, thus also contributing to raising quality and standards of staff's dance teaching.</i>
<b>Scooter training £140</b>	<i>This training benefited the children in two ways: Firstly, it assisted in promoting a healthy life-style by encouraging children to use their scooters as a means of travelling to school. In turn this helps to extend children's enjoyment of physical activity both in and out of school. Secondly, it provided the children with essential training in staying safe whilst using their scooters.</i>
<b>Staff logoed shirts £236</b>	<i>Ensuring that all staff have a logoed shirt to wear during their delivery of PE sessions contributes to the consistent delivery of PE. This has also supported the staff in their delivery of lessons that adhere to important elements of the 'Safe Practice in Physical Education and Sport' document – which outlines the importance of pupils and staff being appropriately dressed for delivery of/participation in PE.</i>
<b>PE Equipment and Resources £892</b>	<i>Following an audit of equipment, new equipment was purchased, including old and worn mats for gymnastics lessons. This has ensured that PE lessons are suitably equipped and provide a high quality delivery of PE. Some items are detailed below:</i> <ul style="list-style-type: none"> <li>• <i>Skipping ropes</i></li> <li>• <i>Balls (various sizes)</i></li> <li>• <i>Team bands</i></li> <li>• <i>Hoops</i></li> <li>• <i>Dancing rings</i></li> </ul>
<b>The total spend for academic year 2015/16 is currently £4349.</b>	

## Nature of Activity 2016 – 17

- We will carry forward £7,224 (£4,463 from this academic year and £2761 from 2014/15)

We aim to continue to improve the quality and breadth of PE and sport provision by:

- continuing to extend and enrich our PE provision and offer a range of PE opportunities for all pupils
- continuing to deliver inclusive high quality PE sessions
- continuing to increase opportunities for infant aged pupils to take part in competitive sporting events
- continuing to develop staff confidence and subject knowledge
- continuing to update resources and equipment

## Actions to meet these aims 2016 - 17

- Continue to be members of the Kingston Schools Sports Partnership (KSSP)
- Country Dancing Training for staff
- Scooter Training
- Develop and enhance assessment system for PE
- Continue to take part in local authority sports competitions and events
- Development of playground - promote health and well-being during play times and increase sporting opportunities within the outdoor environment
- Explore external opportunities for high quality sports provision and CPD
- Increase enrichment opportunities for pupils within physical education
